

I really appreciate hearing from the Southern C.R. newsletter readership and last month I was blessed by a request from a couple (Gregg and Cheryl Butler) from Southern California, who are looking for more information on organic coffee farms in our region here in El Valle de El General.

It's strange that so many people brag about being average. Average is the worst of the good and best of the bad.

He has achieved success who has lived well, laughed often, and loved much; who has the respect of intelligent men, and the love of little children; who has filled his place and accomplished his task; who has left the world better than he found it; who has never lacked appreciation of earth's beauty, or failed to express it; who has always looked for the best in others, and given the best he had; whose life was an inspiration; whose memory a benediction.
